

## HGT synoptic product table:

Please note that all 'motion' trackers monitor localisation, speed, time/date, direction & change of, shock & geofencing on a comprehensive management platform customised to client's needs, with reports, maps, statistics, histograms and archives

Tracking device	Size / weight	To track what/who?
<b>Teckel</b> with single/double battery	 5,7 x 3,8 x 1,5 cms	<ul style="list-style-type: none"> <li>High value cargo in boxes/crates</li> <li>On truck drivers (with panic button)</li> <li>On security staff (with panic button)</li> <li>On a key ring, in a handbag ...</li> </ul>
<b>Teckel</b> in protective casing and double battery	 9 x 5 x 4; cms	<ul style="list-style-type: none"> <li>Inside crates, pallets, boxes</li> <li>Under IBCs</li> <li>On any mobile asset (container, truck, trailer, swap-body)</li> </ul>
<b>Pug</b>	 8,5 x 5,6 x 2 cms	<ul style="list-style-type: none"> <li>In a vehicle just to determine location, speed, itinerary etc. (wired to vehicle battery)</li> </ul>
<b>Griffon</b> + Option: CAN BUS telematics	 7 x 5 x 2 cms;	<ul style="list-style-type: none"> <li>In a vehicle to determine location, speed, itinerary etc.</li> <li>In a box, crate to monitor trip</li> <li>Can be wired to vehicle battery for extra probes and for outside use (CAN Bus)</li> </ul>
<b>Pitbull</b>	 23 x 13 x 3 cms	<ul style="list-style-type: none"> <li>For basic movement tracking of any mobile asset such as vehicles, containers, tanktainers, rail wagons, crates, boxes, agricultural machinery, plant hire, caravans, boats</li> </ul>
<b>Bulldog 10/15</b>	 25 x 10 x 3 cms	<ul style="list-style-type: none"> <li>For inventory tracking (few positions per day, no motion tracking) of any mobile asset such as vehicles, containers, tanktainers, rail wagons, crates, boxes, agricultural machinery, plant hire, caravans, boats...</li> </ul>
<b>Bulldog Plus</b>	 25 x 10 x 3 cms	<ul style="list-style-type: none"> <li>For advanced movement tracking of any mobile asset such as vehicles, containers, tanktainers, rail wagons, crates, boxes, agricultural machinery, plant hire, caravans, boats...</li> </ul>
<b>Bulldog Mini</b>	 11 x 7 x 2 cms	<ul style="list-style-type: none"> <li>For basic inventory tracking (2 positions/day - no motion tracking) of any mobile asset such as vehicles, containers, tanktainers, rail wagons, cable spools, crates, boxes, agricultural machinery, plant hire, caravans, boats...</li> </ul>
<b>Bulldog Mini Sat</b>	 16 x 8 x 3,6 cms	<ul style="list-style-type: none"> <li>For inventory tracking by satellite in remote areas (pre-programmed 2 positions/day) in remote areas; no reliance on land networks, no motion tracking</li> <li>Also specially designed for explosive &amp; hazardous cargo (ATEX 1+ certified).</li> </ul>
<b>Ridgeback (Solar)</b> (several versions)	 26 x 10 x 3 cms	<ul style="list-style-type: none"> <li>Versions ranging from basic inventory to highly intelligent motion tracking; for any mobile asset especially containers, trucks, rail wagons</li> <li>Can be mounted outside or inside truck/container</li> <li>Specially designed for high-value and/or perishable cargoes requiring constant monitoring</li> <li>Built-in sensors (door opening, intrusion, light, shock, temperature, humidity);</li> <li>with a possibility to add more sensors by cable or wireless as required</li> <li>Wireless communication with other similarly equipped assets.</li> </ul>

Customer input regarding required tracking purpose/use will determine the appropriate tracking device.

**Key words:** tracking, security, transport, logistics, containers, trucks, rail wagons, status & whereabouts, intelligent sensors, temperature, humidity, light, shock & vibration monitoring, high-value, hazardous & perishable cargoes, door opening, theft, pilferage, combating fraud, requirement programmable by customer.
